FILENAME CODES

Every filename is built up out of different parts. The first segment of the filename indicates the sort of equipment:

941-QUA-ESL-57_____-O-A01.pdf

906   Dynamic Loudspeakers
907   Horn Loudspeakers
908   Ionic Loudspeakers
909   Ribbon Loudspeakers
911   ES Headphones
912   Dynamic Headphones
913   Panel Loudspeakers
920   Valve Amplifier
921   Solid Amplifier
930   Tuner
940   CD Player
941   ES Loudspeakers
942   Laserdisc
943   DVD Player
950   Turntable
960   Tape Deck

Next a brand code:

941-**QUA**-ESL-57_____-O-A01.pdf

Then there's a part of the model the file is for. For example: ESL_57_____ stands for the ESL 57.

941-QUA-**ESL-57**_____-O-A01.pdf

After that there's a letter that says what kind of file it is:

941-QUA-ESL-57_____-**O**-A01.pdf

A   Articles
B   Brochures
C   Specs
D   Schematics
O   Owners Manual
R   Reviews
S   Service Manual
T   Patents

Lastly a number to distinguish it from other files we may have on the same topic

941-QUA-ESL-57_____-O-**A01**.pdf
